Registered Pets

# Using your dashboard!

The first step after creating your account is to register your first pet!

To do this you can use the “Register Pet” option on the right side of your dashboard.

Without any registered pets, your dashboard will appear empty.

# Registering a Pet

Dashboard

**Pet Name:**

ABC

**Species:**

Dog

Register Pet

# Registering a Pet - Part Two

The Register Pet Screen has three main options to use:

- The Pet Information Section

- The Pet Schedule

- Dashboard Button

# Pet Information

The Pet Information Section allows you to enter the basic information about your pet including; name, species, breed, age, etc.

The Pet Information screen will also alert users in case a required field was accidentally left empty!

<b>Pet Name:</b>	<input type="text" value="ABC"/>
<b>Species:</b>	<input type="text" value="Dog"/>
<b>Breed:</b>	<input type="text" value="A"/>
<b>Age:</b>	<input type="text" value="5"/>
<b>Gender:</b>	<input type="text" value="Male"/>
<b>Weight (lbs):</b>	<input type="text" value="5"/>
<b>Medical History:</b>	<input type="text" value="none"/>
<b>Vaccinations (up-to-date?):</b>	<input type="text" value="Yes"/>

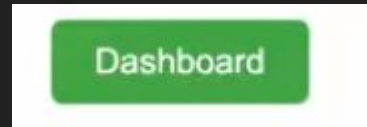

# Pet Scheduler and Dashboard Button!

The other two aspects of the Pet Registration field are the pet scheduler feature which allows users to set medication schedules for the pets. This includes frequency, dosage, and medicine name all which can be specialized for specific days of the week!

The other feature of this page is the Dashboard button that can return users to their unique dashboard. This can be found on the top left hand corner

Medicine Schedule (7-Day)			Sunday:			Medicine Name	Dosage	Frequency (e.g., Morning, E
Monday:	AB	1	morning	Tuesday:	Medicine Name	Dosage	Frequency (e.g., Morning, E	
Wednesday:	Medicine Na	Dosage	Frequency (	Thursday:	CD	2	night	
Friday:	Medicine Na	Dosage	Frequency (	Saturday:	Medicine Name	Dosage	Frequency (e.g., Morning, E	
<button>Register Pet</button>								

# Welcome to your updated Dashboard!

### Medicine Schedule

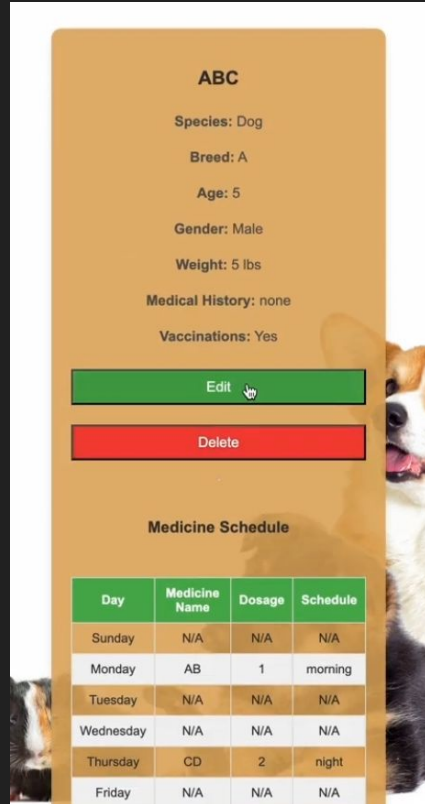

Day	Medicine Name	Dosage	Schedule
Sunday	N/A	N/A	N/A
Monday	AB	1	morning
Tuesday	N/A	N/A	N/A
Wednesday	N/A	N/A	N/A
Thursday	CD	2	night
Friday	N/A	N/A	N/A

# Pet Profile Features

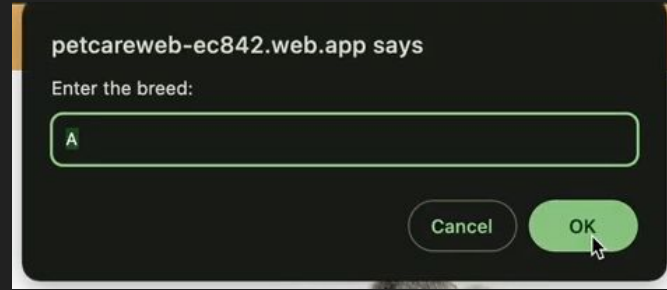

With your first pet registered, your dashboard now has a profile to display with your pet's information!

The Pet Profiles on your dashboard allow you to view the pet's schedule, edit the profile and delete the profile

A screenshot of a pet profile form. The form has a light orange background. At the top, it displays the pet's name 'ABC'. Below this, it lists various attributes: Species: Dog, Breed: A, Age: 5, Gender: Male, Weight: 5 lbs, Medical History: none, and Vaccinations: Yes. There are two buttons: a green 'Edit' button and a red 'Delete' button. Below these buttons is a section titled 'Medicine Schedule' which contains a table with columns for Day, Medicine Name, Dosage, and Schedule.

Day	Medicine Name	Dosage	Schedule
Sunday	N/A	N/A	N/A
Monday	AB	1	morning
Tuesday	N/A	N/A	N/A
Wednesday	N/A	N/A	N/A
Thursday	CD	2	night
Friday	N/A	N/A	N/A

A screenshot of a modal window titled 'petcareweb-ec842.web.app says'. It prompts the user to 'Enter the breed:' with a text input field containing the letter 'A'. There are two buttons at the bottom: 'Cancel' and 'OK'.

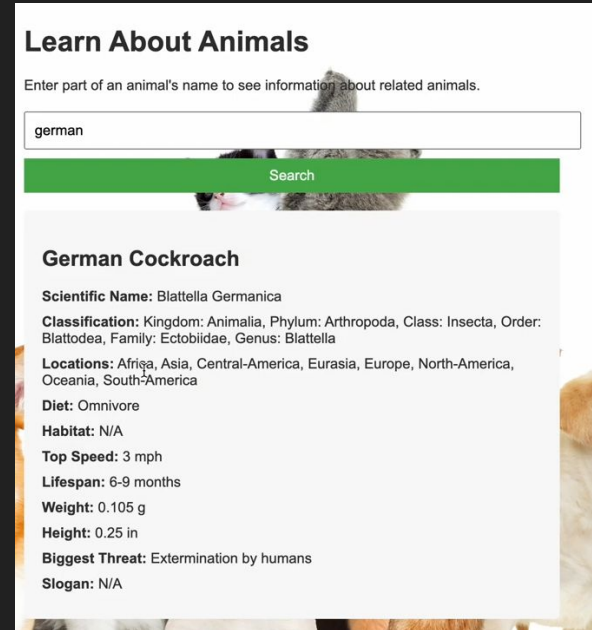

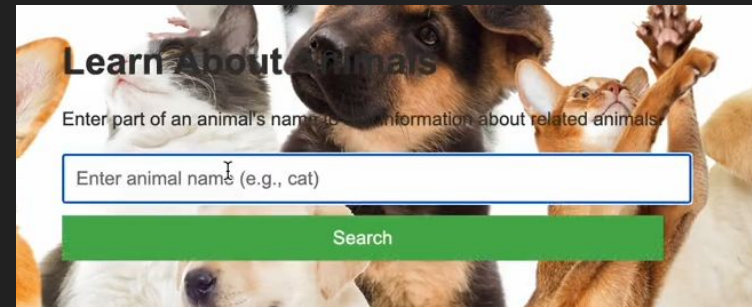

Profile Editor with dropdown editor

# Learning about Animals

Also included in our application is a animal information feature that allows you to learn about many different kinds of animals, not just imputed pets.

Located on the top right hand corner of the dashboard is the “Learn Animals” button that will allow users explore this feature.

Users can return to dashboard from the top right of this screen

Sample Search

# Pet Store Locator

Finally, the last feature of this PoC User manual is our Pet Store Locator

Located in the top right of the dashboard, the “Locate Store” button will take users to a interactive map to search for local pet stores.

This can be done with zip codes or by searching with a city name, i.e. Northridge
